Asbestos Dump Site, Morris County, New Jersey

Robert N. Ogg, P.E., Chief
Site Investigation & Compliance BranchRichard D. Spear, Chief
Surveillance & Monitoring Branch

Pursuant to my memo of January 25th, 1985 enclosed,
please find a copy of the final Remedial Investigation
and Feasibility Study (RI/FS) Work Plan for the Asbestos
Dump Site.

In accordance with the signed Administrative Order on
consent, the Potentially Responsible Party (PRP) will
submit a Work Plan implementation schedule and a Quality
Assurance/Quality Control (QA/QC) Plan, accompanied by a
completed QA/QC Short Form by May 20, 1985. The QA/QC Plan
and the implementation schedule will be forwarded to your
office for distribution to the Field Investigation Team
(FIT) upon our approval.

Please furnish us with the names of the Field Investigation
Team's (FIT) personnel(s), who will be involved in this
project.

If you need further information, you can reach Mr. Nigel
Robinson, Project Officer by telephone at (212) 264-2649.
